

ALTA 2005 NICKEL/COBALT CONTENTS

Laterite Projects & Processes

Managing Technical Risk in Nickel Laterite Projects

Mike Miller, David White, Ian Skepper, Geoff Miller and Rod Fury - Staff of the Ravensthorpe Nickel Project – Australia

Niquel do Vermelho - Final Feasibility Study

Vanessa M. Torres - Companhia Vale do Rio Doce Base Metals Project Department - Brazil

Technology Development for Processing Koniambo Laterites

Michael G. King, Peter Zuliani, Ron Schonewille, Peter Mason - Noranda Inc/Falconbridge Ltd - Canada/Australia

Introduction to the Ambatovy Nickel Project In Madagascar

W.D. Vardill and M.J. Collins - Dynatec Corporation, Metallurgical Technologies Division - Canada

The Development of the Goro Nickel Process

W.G. Bacon - Inco Limited - Canada; D. F. Colton, E. Krause, I.O. Mihaylov, A. Singhal and A. Vahed - Inco Technical Services Limited - Canada; J.P. Duterque - Goro Nickel S.A.- New Caledonia

Recent Advances In the Weda Bay Nickel/Cobalt Laterite Project

John E. Lynch, Malcolm G. Baillie, Mark Steemson, Daniel A. Buhrer – Weda Bay Minerals Inc. – Indonesia/Australia

Gladstone Pacific Nickel Ltd A New Lateritic Nickel/Cobalt Project for Central Queensland

Peter Matheson - Gladstone Pacific Nickel Ltd – Australia

How to Assess the Economic Value of a Project at an Early Stage

Gaston Reymenants - GMS Metals – Ireland

The Intec Nickel Laterite Process

J. Moyes, F. Houllis, A. Tong, D Sammut - Intec Ltd – Australia

Equipment & Materials of Construction

Increasing Leach Capacity Through Paste Thickening

Jim Wallace – GL&V Australia Pty Ltd

The Third Generation of Autoclave Feed Pumps

Berry van den Broek - GEHO Pumps – Weir Netherlands b.v.

Design and Materials Selection of Autoclaves and Auxiliary Equipment

Rodney Clary, James Gulyas, Patrick Cheung - SNC-Lavalin Engineers & Constructors Inc. – Australia/Canada

Acid Brick Chemical Growth Explained

Kevin Brooks, Koch Knight LLC - USA

Joining of Titanium Clad Steel Plates

John Banker - Dynamic Materials Corp. – USA

Design, Testing & Transportation of Large Ti Clad Vessels for PAL Plants

Se Young Kong – TSM Tech Co. - Korea

An Overview Of Current Non Metallic Lining Systems In Hydrometallurgical Pressure Vessels Applications

Robert Menard, Koch Knight LLC - USA

Extraction & Recovery Processes

Applications of Biological H₂S Production from Elemental Sulfur in Mining and Hydrometallurgy

David Kratochvil, Rick Lawrence, Brad Marchant - BioteQ Environmental Technologies Inc. - Canada

A New (Monodisperse) Chelating Resin Designed for Mining Application: LEWATIT® MonoPlus TP 207

Olaf Halle, Duilio Rossoni - Lanxess Deutschland GmbH - Germany

Application Of Synergistic Solvent Extraction For Metal Recovery

Chu Yong Cheng, Keith Barnard, Mark Urbani - AJ Parker Cooperative Research Centre for Hydrometallurgy/CSIRO Minerals - Australia

The Recovery Of Nickel From HPAL Laterite Solutions Using Lix®84-Ins And Some Possible Impurity Control Strategies

Murdoch Mackenzie - Consultant, Michael Virnig, Angus Feather - Cognis Corporation – Australia/USA/South Africa

Sulphide Projects & Processes

Synergistic Influence of Impurities Contained in Nickel Anodes on Process of Their Electrochemical Dissolution

L. A. Bolshakov, A. I. Yuryev, E. V. Salimzhanova, M. B. Grejver - Norilsk Nickel Co. Polar Division, Mining-Metallurgical Research Centre - Russia

Study Into the Regularities Of Nonferrous Metals and Sulfur Distribution In the Autoclave Oxidizing Leaching of High Copper Converter Matte

A.V. Vydysh, M.N. Naftal - Norilsk Nickel Co. Polar Division, A.F. Petrov, I.V. Batsunova - Norilsk Nickel Co. Polar Division Mining-Metallurgical Research Centre, A.G. Morachevsky - St.Petersburg State Polytechnic University – Russia

The Application of the Platsol Process to Copper-Cobalt-Nickel-PGE/PGM Concentrates from Polyment Mining's Northmet Deposit

David Dreisinger, William Murray, Don Hunter - PolyMet Mining Company – Canada, Ken Baxter - Bateman Engineering Pty Ltd – Australia, Joe Ferron, Chris Fleming - SGS Lakefield Research - Canada

Tati Hydrometallurgical Demonstration Plant Project

Oliver Kloiber, Gary Johnson, Chris Palmer - Western Minerals Technology Pty Ltd – Australia, & Arnold Swarts, Johan Brits - Tati Nickel Mining Company – Botswana

Browns Oxide Strategy

Rod Elvish - Compass Resources - Australia

Cobalt Nickel Integral Process Design Long Term Trends - Impacts Of New Economy Markets

Mal Kukura, Alberfield Pty Ltd/TRU Group - Australia
