<p><b>Opening Address: <a href="#">IAEA Support to Member States for Sustainability of Nuclear Fuel for Nuclear Power Plants</a></b>  <b>Dr Mark Mihalasky</b>, <i>Lead, Uranium Resources and Production at International Atomic Energy Agency (IAEA), Vienna, Austria</i></p>	1
<p><b>Keynote Address: <a href="#">The What's and Whys of Uranium Ore Processing Innovations Past, Present and Future</a></b>  <b>Alan Taylor</b>, <i>Managing Director, ALTA Metallurgical Services, Australia</i></p>	17
<p><b><a href="#">High Pressure Slurry Ablation (HPSA) – A New Liberation Technology</a></b>  <b>John Lee</b>, <i>Disa Technologies, Canada</i></p>	39
<p><b><a href="#">IAEA Support to Member States for Exploration and Discovery of Undiscovered Uranium Resources</a></b>  <b>Dr Mark Mark Mihalasky</b>: <i>Uranium Resources Specialist at the International Atomic Energy Agency</i></p>	51
<p><b><a href="#">Santa Quitéria Project, Ceará, Brazil: Building the Future Alessandra</a></b>  <b>Costa Barreto</b> <i>Indústrias Nucleares do Brasil, Brazil (IAEA Sponsored Presenter)</i></p>	70
<p><b><a href="#">Sustainable Production of Scandium Products in Europe</a></b>  <b>Edward Peters</b>, <i>MEAB Chemie Technik GmbH, Germany</i></p>	82
<p><b><a href="#">EHEHP and D2EHP Database to Predict Rare Earth Solvent Extraction</a></b>  <b>Leslie Miller</b>, <i>OLI Systems, USA</i></p>	91
<p><b><a href="#">Chromatographic Separation of Rare Earth Elements as Anionic Complexes by Ion Exchange</a></b>  <b>Santeri Kurkinen</b>, <i>LUT University, Finland</i></p>	99
<p><b><a href="#">Nolan's Rare Earths Project: Innovative Recovery and Purification of Phosphoric Acid by VSEP Nanofiltration</a></b>  <b>Lourdes Vale &amp; Landon Graham</b>, <i>Arafura Resources, Australia &amp; New Logic Research, USA</i></p>	108
<p><b><a href="#">The Development of Search Minerals' Direct Extraction Technology for The Recovery of REE From Its Critical REE District in SE Labrador</a></b>  <b>Niels Verbaan</b>, <i>SGS Mineral Services, Canada &amp; Search Minerals, Canada</i></p>	127
<p><b><a href="#">Rare Earth Production from An Australian Clay Hosted Deposit</a></b>  <b>Chantelle Bardadyn</b>, <i>Data Analytics, Wallbridge Gilbert Aztec, Australia</i></p>	148
<p><b><a href="#">Economic and Technical Challenges of Non-Chinese Clay Hosted Rare Earth Deposits</a></b>  <b>Gavin Beer</b>, <i>Met-Chem Consulting, Australia</i></p>	159
<p><b><a href="#">Development of a Dry Rare Earth Fluorination Process from Carbonates</a></b>  <b>Inbanathan Govender</b>, <i>Metal Refining Engineers, South Africa</i></p>	172
